

IMPORTANT PUBLIC MEETING FOR YOU!

EXPO 2017 South Campus & the Future of our Neighbourhoods

**Hosted by Kevin Taft, MLA,
in affiliation with local
community leagues.**

There is growing support for Edmonton to bid to host Expo 2017. If the bid succeeds the main site for the Expo will be a portion of the south campus (the old university farm). This will have a real impact on the surrounding neighbourhoods, which could be a great success or a great concern.

And whether or not the Expo bid proceeds, the south campus will be developed. Just walk over and look at the Go Centre if you want an example.

To help the neighbours get a coherent, constructive voice on the Expo bid and the development of south campus, I have been speaking with community leagues, and am hosting a major public meeting on September 13.

This is a chance for you to learn more about the bid process and the Expo possibilities.

It is also a chance to learn about some of the best practices and hard lessons from two outstanding speakers.

Finally, there will be a real chance to express your thoughts and ideas, listen to your neighbours, and get involved in the longer term process.

SEPTEMBER 13, 2010
